

# Music

Banging on drums, dancing to music, identifying musical instruments and making beats and rhythms...Music Play & Learn classes explore many areas of music. The music classes at the Holding Hands Play & Learn Center provide an introduction to music theory and music appreciation. All classes meet once a week for 40 minutes over an 18 week semester. Each class blends movement activities, hands-on experiences with actual instruments, music making lessons with small percussion instruments and stories about music. Preschool music classes are leveled so that concepts are introduced and then built on in later classes. Music Play & Learn classes are a first step before lessons in specific musical instrument.
